In our kitchen we handle food products containing nuts, fish, egg, milk, cereals containing gluten, sulphites, lupin & derivatives of these allergens. All dishes are prepared in areas where allergens are present therefore there is a risk that ingredients used in your meal may have come into contact with an allergen at any point in time, leading to cross-contamination. Cooking equipment (e.g. fryers, grills etc) and food preparation areas may be shared and fried items containing different allergens may be cooked in the same frying oil.
